

Thursday, January 30th						
Start	End	Session Type	Presenter	Topic	Location	
Session 1: Oral 15 Minute Presentations						
8:30	8:45	15 Minute Oral Presentation	Hyatt Tripp	Capturing planted longleaf pine productivity in the southeastern U.S. including environmental co-variables	Forest Resources 4-132	
8:50	9:05	15 Minute Oral Presentation	Gabriel Maciel	Including biophysical variables in diameter distributions for loblolly pine plantation across the Western Gulf region in the United States	Forest Resources 4-132	
9:10	9:25	15 Minute Oral Presentation	Mary Phiyon	Determination of spatial variation in forest productivity in the southeastern USA using a climate productivity index	Forest Resources 4-132	
Session 2: Oral 5 Minute Presentations						
9:35	9:40	5 Minute Oral Presentation	Vanessa Gremier	The effects of different degrees of scorch on tree physiology of loblolly pine	Forest Resources 4-132	
9:45	9:50	5 Minute Oral Presentation	Ian Warr	Non-structural Carbohydrate Storage Patterns Across Life History Stages in Longleaf Pine	Forest Resources 4-132	
9:55	10:00	5 Minute Oral Presentation	Erin Doran	Assessing the radiological contamination of Southeastern forests.	Forest Resources 4-132	
10:05	10:10	5 Minute Oral Presentation	Tes Myrie	Leveraging Spaceborne LiDAR to Assess Understory Forest Fuel Loads Assessments	Forest Resources 4-132	
Session 3: Oral 15 Minute Presentations						
10:20	10:35	15 Minute Oral Presentation	Sabrina Rahman	Bad news spreads faster than good news, but does it have a stronger impact? – An experimental study to test the attenuating effect of social media over destination stereotypes	Forest Resources 4-132	
10:40	10:55	15 Minute Oral Presentation	Raquel Francisco	Engaging Stakeholders in Agencies' Response to Bear Mangle	Forest Resources 4-132	
11:00	11:15	15 Minute Oral Presentation	Nawa Raj Pokhrel	Modeling variation in wood specific gravity of intensively managed loblolly pine plantations across the Southeastern US.	Forest Resources 4-132	
Session 4: Oral 15 Minute Presentations						
11:25	11:40	15 Minute Oral Presentation	Taylor Pearson	Prevalence and diversity of Borrelia species in ixodid ticks and wildlife from Coastal Georgia	Forest Resources 4-132	
11:45	12:00	15 Minute Oral Presentation	Andrew Lyons	Assessing Juvenile Lemon Shark (Negaprion brevirostris) Habitats Along Georgia's Barrier Islands	Forest Resources 4-132	
12:05	12:20	15 Minute Oral Presentation	Justin Hill	Joint telemetry and mark-recapture model reveals resource selection affects Northern Bobwhite (Colinus virginianus) survival	Forest Resources 4-132	
Session 5: Oral 15 Minute Presentations						
12:30	12:45	15 Minute Oral Presentation	Noah Shephard	Longleaf pine aboveground production after Hurricane Helene and pine straw raking treatments on the Lower Coastal Plain in south Georgia	Forest Resources 4-132	
12:50	1:05	15 Minute Oral Presentation	Sara Meissner	Impacts of mowing as a management tool on maritime grassland vegetation and arthropod communities	Forest Resources 4-132	
1:10	1:25	15 Minute Oral Presentation			Forest Resources 4-132	
Session 6: Oral 5 Minute Presentations						
1:35	1:40	5 Minute Oral Presentation	Ravneet Kaur	Industrial to Investment – Pathways and outcomes of Imberland ownership transitions in the United States	Forest Resources 4-132	
1:45	1:50	5 Minute Oral Presentation	Courtney Scott	Impacts of Management, Disturbance, and Mycorrhizal Association on Soil Organic Matter Composition	Forest Resources 4-132	
1:55	2:00	5 Minute Oral Presentation	Temtope Showunmi	Change in soil properties in a mixed hardwood planting experiment over three growing seasons	Forest Resources 4-132	
2:05	2:10	5 Minute Oral Presentation	Hannah Petronek	An overview of White Pine Dieback in the southeastern United States	Forest Resources 4-132	
Session 7: Oral 15 Minute Presentations						
2:30	2:45	15 Minute Oral Presentation	Erma Land	Effect of abscisic acid on somatic embryogenesis of three North American ash (Fraxinus) species.	Forest Resources 4-132	
2:50	3:05	15 Minute Oral Presentation	Kalli Gregory	Decision analysis and predictive modeling to support management of a river facing climate change	Forest Resources 4-132	
3:10	3:25	15 Minute Oral Presentation	Dinuka Madhusan Seneviratne	Comparing the impacts of planting density and thinning on individual tree survival trajectories using survival analysis	Forest Resources 4-132	
3:30	4:30	Keynote Speaker			Forest Resources 1-304	
Poster Presentations						
5:00	7:00	Poster Presentation	Lainey Paulus	Characterizing stand dynamics of improved loblolly pine based on productivity score	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	Erma Briggs	Bee and wasp diversity responses to streamside management zones in private working pine forests	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	Kalli Gregory	Investigating the spatial distribution of values in a coldwater river facing climate change: Insights from participatory mapping	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	Vanessa Gremier	Short-term Effects of Pre-Fire Nitrogen Treatment Timing on Post-Fire Recovery and Physiology in Three Southeast Pine Species	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	Nick Austin	Mannington Meadows: A study of erosion and plans for restoration	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	Liam Steffel	Lag effects of snow-water-equivalent (SWE) in a P. ponderosa tree-ring chronology	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	William Ellsworth	Movement Ecology of White-tailed Deer in a Human Modified, Disturbance-Driven Floodplain	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	Eileen Joseph	An Ecotourism Destination Post-Pandemic: Can an Alternative Economy Survive?	Forest Resources 4-Lobby	
5:00	7:00	Poster Presentation	Tala Bleau	Creating a model framework to inform the viability of the Rocky Shiner (Notropis suttkusi)	Forest Resources 4-Lobby	
Friday, January 31st						
Start	End	Session Type	Presenter	Topic	Locations	
Session 8: Oral 15 Minute Presentations						
8:30	8:45	15 Minute Oral Presentation	Daniel DeRose-Broeckert	White-tailed deer signpost photoluminescence	Forest Resources 4-132	
8:50	9:05	15 Minute Oral Presentation	Brennan PetersonWood	Effectiveness of 3-mercapto-3-methylbutanol odor as carnivore repellent in a semi-arid ecosystem of Southern Africa	Forest Resources 4-132	
9:10	9:25	15 Minute Oral Presentation	Sydney Brewer	Influence of bait and habitat on site visitation by wild pigs (Sus Scrofa)	Forest Resources 4-132	
Session 9: Oral 15 Minute Presentations						
9:35	9:50	15 Minute Oral Presentation	Kanchana Balasubramanian	Prioritization of areas for forest-based ecosystem services, with a focus on water, biodiversity, and carbon in the Upper Oconee watershed	Forest Resources 4-132	
9:55	10:10	15 Minute Oral Presentation	Shinyeong Park	Ethical considerations of supplemental feeding for globally threatened cranes	Forest Resources 4-132	
10:15	10:30	15 Minute Oral Presentation	Heather Parsons	Assessing trophic transfer and movement trends of per- and polyfluoroalkyl substances (PFAS) in aquatic and terrestrial food webs	Forest Resources 4-132	
Session 10: Oral 5 Minute Presentations						
10:40	10:45	5 Minute Oral Presentation	Caitlin Jackson	Novel techniques to estimate survival and recruitment of northern bobwhite (Colinus virginianus) chicks	Forest Resources 4-132	
10:50	10:55	5 Minute Oral Presentation	Myra Kincaid	Using birdNET automation to expand acoustic monitoring efforts in national parks	Forest Resources 4-132	
11:00	11:05	5 Minute Oral Presentation	Brennan Peterson-Wood	Effectiveness of 3-mercapto-3-methylbutanol odor as carnivore repellent in a semi-arid ecosystem of Southern Africa.	Forest Resources 4-132	
11:10	11:15	5 Minute Oral Presentation			Forest Resources 4-132	
12:00	1:00	Speaker Luncheon			Forest Resources 4-132	
Session 11: Oral 15 Minute Presentations						
1:30	1:45	15 Minute Oral Presentation	Urvi Gupta	Nest success of trailing-edge populations of songbirds in the southern Appalachian Mountains	Forest Resources 4-132	
1:50	2:05	15 Minute Oral Presentation	Carson Pakula	Caught in headlights: Captive white-tailed deer responses to variations in vehicle lighting	Forest Resources 4-132	
2:10	2:25	15 Minute Oral Presentation	George Goto	Biomechanical processes of deer jumping: a quantitative approach to understanding deer interactions with vertical barriers	Forest Resources 4-132	
Session 12: Oral 15 Minute Presentations						
2:35	2:50	15 Minute Oral Presentation	Michael Baker	Quantifying the bias associated with spatial vs temporal replication in single season occupancy models: an application for rare freshwater mussels	Forest Resources 4-132	
2:55	3:10	15 Minute Oral Presentation	Hunter Rider	Characterizing life history traits of native suckerfishes (Catostomidae) in Georgia, USA: Implications for bowfishing management needs	Forest Resources 4-132	
3:15	3:30	15 Minute Oral Presentation	Joseph Nolan	Differential coastal migration of juvenile Atlantic Sturgeon (Acipenser oxyrinchus) natal to the South Atlantic Distinct Population Segment	Forest Resources 4-132	
Session 13: Oral 15 Minute Presentations						
3:40	3:55	15 Minute Oral Presentation	Katie Morgan	Movement patterns of sub-adult Atlantic sturgeon in Estuaries of Georgia	Forest Resources 4-132	
4:00	4:15	15 Minute Oral Presentation	Sarah Weaver	Describing the Fall Spawning Population of Gulf Sturgeon in the Apalachicola River	Forest Resources 4-132	
4:20	4:35	15 Minute Oral Presentation	Alan Bond	Survival of juvenile Atlantic Sturgeon using a Robust Design Model.	Forest Resources 4-132	
Session 14: Oral 15 Minute Presentations						
4:45	5:00	15 Minute Oral Presentation	Jack Derochers	Cost estimation of log truck transportation in the U.S. South	Forest Resources 4-132	
5:05	5:20	15 Minute Oral Presentation	Mateus Sanquetta	Timberland return drivers' contribution on brownfield investments across the US South	Forest Resources 4-132	
5:25	5:40	15 Minute Oral Presentation	Jeremy Adkins	Whole Plant Drought Response in Closely Related Eucalypt Species in Endangered Box-Gum Grassly Woodlands	Forest Resources 4-132	
6:30	8:30	Awards Ceremony			Flinchum's Phoenix
